PROFESSIONAL EXPERIENCE

- Digital Forensics Intern** Aug 2023
Sanmati Forensics bit.ly/bishwasSF
 - I gained practical experience in Digital Forensics, specializing in tasks such as deleted file recovery, email content and browsing history analysis, and forensic disk image creation using tools like Recuva, RegRipper and FTK Imager.
 - Cyber Security Intern** July 2022 - Sept 2022
DataSpace Security bit.ly/bishwasDSS
 - Gained valuable experience in report writing, familiarity with OWASP Top 10 vulnerabilities, hands-on use of Nessus for vulnerability scanning, and acquired skills in creating Capture The Flag challenges.

PROJECTS

- ntR-Conceal** August 2023
Personal Project bit.ly/bishwasntRC
 - ntR-Conceal is a client-side & user-friendly web tool for file encryption and decryption using strong encryption techniques.
 - Android Webview App** May 2021
Personal Project bit.ly/bishwasAWA
 - This project is designed to provide developers with a starting point for building their own WebView-based Android apps. The app uses a Android WebView to display a website or web application within the app.
 - On GitHub, the repository has 25 stars, 22 forks, and has been cloned numerous times.
- *Link to other projects on [GitHub](#)*
